Gary and Rexanne Jeffery are growing one of the best bloomin’ gardens on the south side of Forest Lake and their friendships have also blossomed profusely since moving into their lakefront home in 2004!

When they moved from their prior home in Highland, the normally laid back and friendly Rexanne threatened Gary that she was going to volunteer him for everything. When Rexanne became aware that Carl Knapp needed a volunteer to take over the Ox Roast, she followed through with her threat. Gary has been managing the Ox Roast ever since, now going on 10 years!

Their roots run deep in Forest Lake. In ’69, when lots were being prominently advertised and the lake hadn’t been completed yet, Rexanne’s parents bought the lot where they live now. In 1987, the Jefferys were gifted the lot and started building. Their family continues to enlarge, accommodating both their 3 children and also their 9 grandchildren in their 46 year marriage.

He’s a Vietnam Army vet, who used his 2 years of electronic training school & employment at IBM to gain a radar billet in service. Gary subsequently retired from IBM after 38 years. Rexanne co-owned a business as a wallpaper hanger. It was called “The Bear Wall Paper Hangers,” which allowed her to cleverly use bears in their advertising.

Not surprisingly, they have encouraged many relatives and friends to move up here. “Forest Lake is a great place to live – people care about each other,” she said.

“It’s a rewarding experience to volunteer,” he said. As grandparents, they want to leave a legacy. As part of this legacy, the Jefferys personify the value of looking out for your neighbor.

Gary has served on the Board as a director in various capacities for 6 years, and as President for 3 years. He helped Director Gary Schoenherr with building projects and they both have done Adopt-A-Highway road clean-up. Rexanne volunteers with the Garden Club, taking care of the West End. She took charge of servers at the Ox Roast, beautified the Clubhouse with seasonal decorations for many years, and organized the Ladies Tea. They have participated in myriad other ways as well, including supervising the January Dinner Club.

They have travelled the world, discovering friendly and welcoming people wherever they went. They recently ventured to Hot Springs, Arkansas, in search of crystals and diamonds!

Changing the world starts with ourselves, serving in our communities as the Jefferys do. In her grandmother’s book, Half Broke Horses, Jeanette Walls’ read, “If you think you’re too small to make a difference, you’ve never been bitten by a mosquito!” “Get involved and be respectful,” are two suggestions the Jefferys made. We can’t thank them enough for all they’ve done and continue to do.

Gail Whelan
PRESIDENT'S CORNER

The dam stop logs were installed on April 19th and an inspection of the dam and spillway was completed by a registered professional engineer on April 21st. A few cracks and spalled concrete areas were found at the dam structure and some spillway joint sealant needs to be replaced. One section of spillway slab may need to be replaced. The spillway will be power washed by the Maintenance Department at a later date in order to determine the extent of joint sealant replacement which will be required. A repair quote will be obtained from a Contractor after the spillway inspection is complete and the draft inspection report is submitted by the engineer.

The Board of Directors has decided to close the burn pile this summer as a courtesy to our campers and to address the increased fire safety hazard during hot dry weather. The burn pile will be closed on June 18th and will reopen on September 1st. Please remember that trash, construction debris, etc. are not allowed in the burn pile. The burn pile may be reopened temporarily if a summer storm results in excessive debris from downed trees, etc.

Welcome back to all the snow birds.
President Dennis Monsere

CAMPING SEASON

Forest Lake Campground opens for the season on May 15th. Spring has sprung with families looking forward to vacation time and campfires around the corner. Our Maintenance team have worked diligently to prepare the grounds, bath house and equipment in anticipation of the upcoming camping season. The number of seasonal sites has increased to 32 sites with full season fees due in the office by May 1st. Regular sites are on a first come-first served basis unless previously reserved. As usual, all reservations are handled in the Forest Lake Office @ 989-836-2155.

Site camping fees are as follows:

<table>
<thead>
<tr>
<th></th>
<th>Member</th>
<th>Guest</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daily</td>
<td>$20.00</td>
<td>$25.00</td>
</tr>
<tr>
<td>Weekly</td>
<td>$125.00</td>
<td>$145.00</td>
</tr>
<tr>
<td>Monthly</td>
<td>$300.00</td>
<td>$400.00</td>
</tr>
<tr>
<td>Seasonal</td>
<td>$900.00</td>
<td>N. A.</td>
</tr>
</tbody>
</table>

Camping Cabins are available for $50.00 a night with a two night minimum on any Holiday weekend. The cabins will sleep up to six comfortably with a bunk over each of the two double beds. A small refrigerator and coffee pot are provided. Camping rules are enforced for the safety and comfort of all. Rule breakers jeopardize their “good standing” status under FLPOA policy. Enjoy a safe and relaxed 2017 camping season.

  Voting ends at 9am.
+ July 8th - Ox Roast – Tickets for the meal must be
  purchased prior to this date. Volunteers always needed
  for this event. Donations of Bottles of Cheer for the card
  raffle can be given to Gerald Nowak anytime prior.
+ July 20th - Highway Pickup - For more information
  or to volunteer to help call Di @836-6175. (September
  28th final date for 2017).

Calendar of monthly events is available on page 3 of this
FLIP, at the Office and email fan out. If you’re not on the
event reminder email list, contact Paula. All events are
subject to change or cancellation. Watch the FLIC,
Bulletin Boards and Emails for these changes.
Tickets for the FL 2017 Ox Roast Raffle Quilt can be purchased at the Ox Roast or by contacting Paula Nowak prior to. The Winning ticket will be drawn at the Ox Roast on July 8. Tickets are $1.00 each.

Director Paula Nowak

**2017 STORAGE ID STICKERS**

On April 1st of every year, any items that you plan to store at the area located at North Forest Lake Dr. and Maple Ridge Rd. will require an annual ID sticker. These stickers are available at the Office for $3.00 for each item stored. Your association dues must be current and you will be required to prove ownership with either a registration or title to the item.

Only items owned by property owners may be stored. Please place the sticker on the tongue of the trailer or other area that is exposed and visible while the item is stored.

---

**IN MEMORIAM**

We extend our sympathy to the families of Forest Lake property owners:

- Margo Allison
- Ed Atwell
- Marc Blasius
- Robert Canole
- Cheryl Hoshaw
- Cristine Konior
- Leonard Konior

Forest Lake Resident  
Since 2004
A SPRING MAINTENANCE UPDATE

Now that winter is behind us and all the cold weather equipment is cleaned and stored we have turned our efforts toward planning and preparing for spring and summer activities. The placement of the dam blocks was delayed a bit this year because we had to wait for the dam to be inspected.

We made some minor repairs to the working barge, replacing the prop and making repairs to the tilt device on the motor. Then we put it to work placing the yellow raft, setting all markers and buoys and checking the lake for floating debris. Much of our efforts at this time of the year go into cleaning and preparing the beaches, campground, parks and common areas for use. We also are checking our lawn mowing and grounds keeping equipment.

The following are some of the jobs that have been accomplished since the last edition of the FLIP.
- This past winter season we pushed 6 snow falls that were 3 inches deep or more for our 100 snow plow club members.
- A device called “Bird Be Gone” was placed at the west end park to help deter the Canadian Geese from using the area. So far it seems to be working. This unit projects a bird in distress call that will scare the geese and keep them from coming near the sound.
- There were some minor plumbing problems that were taken care of in the campground bathhouse. The camper and RV water service tower was rebuilt because of leaks and deterioration.
- Several lights were replaced in the maintenance building and ballasts in the clubhouse lights.
- A new fuel pump solenoid was replaced on the Massey Ferguson tractor; also the front wheel bearings are going bad and will be replaced.
- A few minor repairs were made to the scrap trailer.
- A new barbeque grill was installed at Ring Neck Park.
- There were repairs made as needed to rental docks in several areas.
- 10 yards of gravel were placed in low spots at the west end and 20 yards in low spots in the campgrounds, and both sites were graded.
- Pot holes were filled on the dam road.

Besides performing our normal maintenance work this summer we hope to accomplish the following projects.
- Repair damages to and install vinyl siding, soffit and aluminum on the fascia and trim of the tractor storage building by the campground.
- Replace the walkway on the rental docks in “B” section.

Please remember when dumping branches on the burn pile not to leave stumps, tree trunks or any type of building materials. Thank you for your cooperation. Again this winter we had a problem when someone put some large tree trunks on the pile and they were covered with brush. We didn’t see them until the fire was started and it was too late to remove them. This causes the fire to smolder and smoke much too long making it very annoying for campers and surrounding property owners.

As always the maintenance department will strive to keep Forest Lake neat, clean, and in good working order. We hope you will have a safe and enjoyable summer.

Director Gary Schoenherr
2017 Forest Lake Ice Fishing Contest

This year Ice Fishing Contest was held on February 18th and we could not have asked for nicer weather. There were a total of 112 entries.

**Adult Division: Pike**
1st place, Derek Lobdell @ 26 1/4 inches

**Adult Division: Pan Fish**
1st place, George Burkey @ 10 7/16 inches
2nd place, Andrew Dunn @ 10 1/4 inches
3rd place, Steve Sprinkle @ 10 1/16 inches

**Youth Division: Pike**
No entry

**Youth Division: Pan Fish**
1st place, Kenny Card @ 10 1/4 inches
2nd place, Hunter Piorkowski @ 10 inches
3rd place, Ben Card @ 9 1/2 inches & Kara Danish @ 9 1/2 inches.

The Fishing Contest was hosted by Dave Kohl & Curtis Brown and they would give thanks to the volunteers and the prize and money donors.

**Volunteers:**
Dave Richards, Dan Mancani, Phil Shock, Joe Gudobba, Max Warden & Carl Knapp

**Donors:**

A total of $1,864.00 has been donated to the Fish Stocking Fund from the last 2 Fishing Contests.

Director Curtis Brown
**2017 LAKE TREATMENT NOTICE**

**WATERBODY CODE: FOR1011**

**PLEASE TAKE TIME TO READ THIS NOTICE: IT IS FOR YOUR INFORMATION. A GROUP OR RESIDENTS NEAR YOUR WATER FRONT PROPERTY ARE PLANNING TO HAVE THE LAKE OR WATERBODY CHEMICALLY TREATED FOR CONTROL OF AQUATIC WEEDS AND/OR ALGAE.**

This notice is being circulated at least 7 days in advance of the initial treatment for the season in accordance with Michigan Department of Environmental Quality (DEQ) procedures. If necessary, a permit for the treatment has either been secured or may be secured from the DEQ prior to the beginning of the treatment(s). You are receiving this notice if you are in the proposed treatment area, or if you are within 100 feet of the treatment area. In some cases we also provide this notice to persons in adjacent subdivisions as an informational service. This is also done to advise those who may have beach and/or access rights but yet are not water front property owners. **Keep this notice, as you will NOT receive additional notices for each treatment!** Our company does two types of treatments; **algae** control and **aquatic weed** control. **If the waterbody is being treated only for algae control using copper products, there are no water-use restrictions and this will be noted on the yellow signs posted around the shoreline of the treatment area(s) of the waterbody. If nuisance aquatic plants are being treated using products that have water-use restrictions (including shade/dye), the water-use restrictions will be outlined on these posted signs.** In some cases both algae and nuisance aquatic plants will be treated simultaneously. We treat each waterbody according to a schedule or season plan worked out with those in charge of the treatment program. Due to season plan changes any restrictions they will be noted on the signs we post.

**DO NOT USE THE TREATED WATER FOR SWIMMING FOR 1 DAY.** Unless an approved assay determines concentration level is 1 ppm or less, do not use treated water for irrigating plants or mixing sprays for agricultural or ornamental plants. Unless assay indicates concentration is .07 ppm or less, do not use water from treated areas for potable (drinking) water.

**FLURIDONE PRODUCTS - Sonar Genesis (EPA Reg. # 67690-54), Sonar AS (EPA Reg. # 67690-4), Sonar SRP (EPA Reg. # 67690-3), Sonar PR (EPA Reg. # 67690-12), Sonar Q (EPA Reg. # 67690-3), Sonar ONE (EPA Reg. # 67690-45), Sonar RTU (EPA Reg. # 67690-48), AVAST! (EPA Reg. # 67690-30): Do not use the treated water for swimming for 1 day. Do not use treated water for irrigating greenhouse or nursery plants. Do not use treated water if it is intended to be used to irrigate or mix sprays for crops not labeled for direct treatment with 2,4-D unless it has been at least 21 days after application or an approved essay determines concentration level is 100 ppb or less at water intake. Unless assay indicates concentration is 70 ppb or less at the water intake, do not use water from the treated areas for potable (drinking) water/home use or unless it has been at least 21 days after application.**

**GRANULAR 2,4D PRODUCTS - Navigate (EPA Reg. # 228-378-8959): Do not use the treated water for swimming for 1 day. Unless an approved essay determines concentration level is 1 ppm or less, do not use water from treated areas for potable (drinking) water. Sculpin G (EPA Reg. # 67690-49): Do not use the treated water for swimming for 1 day. Unless an approved essay determines concentration level is 1 ppb or less, do not use water for irrigating greenhouse or nursery plants. Do not use treated water for swimming for 1 day. Do not use treated water for irrigating plants or mixing sprays for agricultural or ornamental plants. Unless assay indicates concentration is .07 ppm or less, do not use water from treated areas for potable (drinking) water.**

**GRANULAR ENDOTHALL (Hydrothol Granular) products. If you are aware of such a well, please notify our office. If the MDARD/DEQ changes any restrictions they will be noted on the signs we post.**

Do not use treated areas for swimming for 1 day and Do not use water for potable (drinking)/domestic use for 48 hrs.**

**ENDOTHALL PRODUCTS - Aquathol K (EPA Reg. # 70506-176), Aquathol Super K (granular) (EPA Reg. # 70506-191), Hydrothol 191 (EPA Reg. # 70506-175), Hydrothol Granu-
lar (EPA Reg. # 70506-174): Do not use the treated water for swimming for 1 day. Do not use the water for household use, irrigation (lawns or gardens), animal watering (farm stock), or similar uses for 14 days.

COPPER PRODUCTS – SeClear (EPA Reg. # 67690-55), SeClear G (EPA Reg. # 67690-72), Copper Sulfate: Triangle Brand-Crystal (EPA Reg. # 1278-8), Old Bridge Chemicals Inc. (EPA Reg. # 46923-4), Chem One Ltd. Copper Sulfate Pentrahydrate (EPA Reg. # 56576-1) There is a 48 hr. swimming restriction when used for Swimmer’s itch control only. SeClear (EPA Reg. # 67690-55) Chelated Copper: Algimycin-PWF (EPA Reg. # 7364-09-8959), Cutrine-Plus (EPA Reg. # 8959-10), Cutrine-Ultra (EPA Reg. # 8959-53), Cutrine-Plus Granular (EPA Reg. # 8959-12), Captain XTR & Captain (EPA Reg. # 67690-9): No water-use restrictions with the use of these products. Komeen (EPA Reg. # 67690-25), Komeen Crystal (EPA Reg. # 67690-60), Nautique (EPA Reg. # 67690-10), Harpoon (EPA Reg. # 8959-54), Harpoon Gran. (EPA Reg. # 8959-55): Do not use the treated water for swimming for 1 day.

OTHER PRODUCTS – Aquastrike (Dipotassium Salt of Endothall/Diquat dibromide) (EPA Reg. # 70506-302): Do not use treated the water for swimming for 1 day, livestock consumption for up to 14 days, up to 3 days for drinking (or concentration of Endothall acid is less than .1 ppm and .02 ppm for Diquat dibromide), and up to 5 days for irrigation purposes based on application rate. Clipper (Flumioxazin) (EPA Reg. # 59639-161): Do not use treated water for swimming for 1 day. Do not use treated water for irrigation purposes for 5 days after each application. Renovate MAX G (Triclopyr/Granular 2,4-D) (EPA Reg. # 67690-50): Do not use treated water for swimming for 1 day. Unless an approved essay determines concentration level of each compound is 1ppb or less, do not use water for irrigating greenhouse or nursery plants for 120 days. Do not use treated water if it is intended to be used to irrigate or mix sprays for crops not labeled for direct treatment with both compounds unless it has been at least 120 days after application or an approved essay determines concentration level of Triclopyr is 1ppb or less and is 100 ppb or less or for 2,4-D at water intake. Unless essay indicates concentration level of Triclopyr is 400 ppb or less and 70 ppb or less for 2,4-D at the water intake, do not use water from the treated areas for potable (drinking) water or unless it has been at least 21 days after application. Reward (Diquat dibromide) (EPA Reg. # 100-1091), Tribune (Diquat dibromide) (EPA Reg. # 100-1390): Do not use the treated water for swimming or livestock watering for 1 day, up to 3 days for potable (drinking)/domestic use, and up to 5 days for irrigation based on application rate. Renovate 3 (Triclopyr) (EPA Reg. # 62719-37-67690), Renovate OTF (Triclopyr) (EPA Reg. # 67690-42), Navitol Liquid (Triclopyr) (EPA Reg. # 8959-56), Navitol DPF (EPA # 228-597-8959): Do not use treated water for swimming for 1 day. Do not use water for irrigation for 120 days unless laboratory analysis (immunoassay test) determines concentration level is less than 1 ppb. There are NO irrigation restrictions on established grasses. Do not use for potable (drinking)/domestic use unless Triclopyr concentration level is .4 ppm or less by lab test. Habitat (Imazapyr) (EPA Reg. # 241-426), AquaPier (Imazapyr) (EPA Reg. # 74477-6-67690): These products are used primarily for aquatic emergent control (Cattails, Phragmites, etc.). Do not use the treated areas for swimming for 1 day. Do not use water for irrigation for 120 days unless an approved immunoassay test determines concentration level is less than 1 ppb. Do not use for potable (drinking)/domestic use for 48 hrs. Clearcast (Imazamox) (EPA Reg. # 241-437): Do not use treated water for swimming or watering plants for 1 day. Do not use for potable (drinking)/domestic use for 48 hrs. Cygnet Plus (spray adjuvant), PolyAn (spray/drift control): May be used in conjunction with other liquid herbicides and/or algaecide products and DO NOT have any additional water-use restrictions associated with their combined uses.

If you have any questions, please contact your Homeowners Association, Township or Lake Board, or whoever may be in charge of the treatment program. If they cannot answer your questions we can be reached at the address, phone, fax, or e-mail address below.

READ AWAY

If you enjoy reading and crave a good story, check out our book nook in the office. There is a section of male authors, another of female authors and even some large print selections. Or if you’d like to get rid of some books, please call Gail at 836-2098, so I can pick them up. Please don’t just drop off bags of books in the office lobby, as it creates clutter in that area.

Thank You - Gail Schoenherr
OFFICE & MERCHANDISE

The Office will be open seven days a week for your convenience starting Memorial Week-End. Hours are Monday thru Saturday 9:00am to 1:00pm and 1:30 pm to 5:30pm. Sunday hours are Noon to 4:00pm. Employees will be there to help with information, Forest Lake Merchandise and bags of ice.

Cost for a 7lb bag of ice this year is $2.00.

New Forest Lake Merchandise items will be available mid-May in the Office and over Memorial Weekend in the Clubhouse. They include woman and men’s tees, pull-over-hooded-front pocket sweat shirts, jackets, men and women’s hats, three sizes of beach towels and Forest Lake Plat Maps.

There is still a nice selection of toddler tees, zip sweat shirts, pull over sweat shirts, men’s polos, assorted styles of women’s tops, sun visors, cooking aprons and cold bottled water.

Stop in and look around...

Director Catherine Brown-Kuba

Forest Lake Information Paper 10 Spring 2017
QUARTERLY PROPERTY LISTING
FOR SALE BY OWNER!

For the convenience of those Forest Lakers who wish to sell their property "BY OWNER", we are again preparing a listing of such properties. Complete and return the adjacent form with $10. This covers the cost for printed copies listed in the Office and uploaded to the Forest Lake website (www.forestlakemi.org).

The printed copy of the current quarterly listing will be available for free pickup at the Forest Lake business Office. A copy of the printed listing will be sent to all those listing property, if they enclose a stamped, self addressed #10 (legal size) envelope. This listing will expire in September, 2017.

TO BE INCLUDED IN THIS LISTING YOU MUST:
1) Be a member in 'good standing'.
2) List each property on a separate form and include an additional payment for each lot, unless adjacent.

We stress that while we offer this listing service, WE ARE NOT REALTORS, have no authority to perform in that capacity and assume no responsibility with respect thereto.

June 2017
PROPERTY LISTING FORM

Name: ____________________________
Address: __________________________
